

KENNETH L. GEE
(biographical sketch)

Kenneth (Ken) Gee received his B.S. and M.S. degrees in Wildlife and Fisheries Sciences from Texas A&M University. Ken has been employed with the Samuel Roberts Noble Foundation for most of his professional career and has worked on a variety of wildlife topics and species. His primary professional interests include white-tailed deer biology and management, habitat management, and youth and adult conservation education. Ken is a member of The Wildlife Society, The Oklahoma Chapter of The Wildlife Society, The Texas Chapter of The Wildlife Society, The Southeast Section of The Wildlife Society, and The Society of Range Management. He has served as president of The Oklahoma Chapter of The Wildlife Society, chairman of The Deer Committee of the Southeast Section of The Wildlife Society, and on numerous committees of professional organizations.
